Integra & The Shoshone-Paiute Tribes: Relationship Agreement

Relationship Agreement aligns interests of Integra and a federally recognized Tribal Nation to develop DeLamar Project

Agreement Overview

- **Business-driven:** mutually beneficial arrangement to advance DeLamar operating as a partnership.
- **Established framework:** key components: Stewardship, Economic Participation, Governance, Life-of-Mine Commitment.
- **5+ years in the making:** extensive in-person engagement, site visits, consultation on mine design/baseline studies, and community meetings.

Benefits to Integra

- **Enhanced position:** Agreement driven by predictability, efficiency, and partnership for the development of DeLamar.
- **Interest alignment:** incorporates key Tribal cultural, environmental and economic interests into mine plan; increased predictability for DeLamar milestones.
- **Reputation & brand building:** ability to successfully mitigate project risks and foster reputation for respectful business practices benefits current/future operations.

Note: Refer to news release dated August 15, 2025 available on Integra's corporate website or under Integra's SEDAR+ profile at www.sedarplus.ca

Good Samaritan Remediation of Abandoned Hardrock Mines: Power in Partnerships

INTEGRA RESOURCES

- 8+ years of established social license and trust with local stakeholders
- Tribal partnerships
- Idaho agency and government relationships
- Land Access
- Mining expertise
- Financial support

Signed MOU in 2021 to address Redband Trout habitat in Jordan Creek – a TU-identified priority watershed

- AML expertise
- Good Sam Law and CERCLA expertise
- EPA relationships
- Ecological expertise
- Sampling and analysis methodology expertise
- Fundraising capabilities

Why a Good Sam Project in the Upper Jordan Creek Watershed is Right for Idaho

- 303(d) listed and existing TMDLs
- Silver City Historic District designation
- High-use area for off-road recreation, hunting, fishing, ranching, and camping
- Proximity to Boise/Treasure Valley makes the area a popular tourist destination – high visibility project potential
- Nexus with Redband Trout habitat restoration
- Proximity to DeLamar Mine Project – equipment, resources, social license
- Strong existing relationships with Silver City Property Owners, Tribal Nations, recreationists, ranchers, and agencies - all on board with the concept and willing to collaborate
- Future work would focus on dry, non-point source reclamation of tailings or waste rock to reduce THg in a “low risk” situation.
